

# GRIEVANCE PROCEDURES FOR PARENTS AND CARERS

Good relationships within the school community give all members of the community an opportunity to work within a safe and supportive environment  
If parents/carers have a grievance we suggest that:

\* Time is arranged to talk to the relevant person about the issue

\* Time is allowed for the issue to be addressed

\* If the issue does not seem as if it is being resolved, time is arranged to talk with one or more of the following:
